

Dibujame un cordero! (Spanish Edition)

Desde la noche de los tiempos el dibujo ha sido un medio privilegiado para comunicar un mensaje, una emoción o una idea. A partir de esta premisa, Joe-Ann y Graziella ofrecen el fruto de su experiencia para que padres, abuelos o pedagogos puedan comprender mejor el mundo interior del niño. El dibujo prepara a los niños, de manera natural, para el aprendizaje del gesto gráfico. El tipo de trazo, el uso del espacio, el simbolismo de los colores y los símbolos universales son algunos de los aspectos que nos permitirán interpretar sus dibujos. Con este tendremos en nuestras manos poder descifrarlos. / Drawing is in the same field of expression as play and speech. Children's drawings are unique and give us precise information about their psychology. This book, written in a very clear and comprehensible manner, provides secure guidelines for understanding the intricate message embedded in these drawings. It is a nice tool for therapists, teachers and parents.
