**Woodland Vole (*Microtus pinetorum*) - Registre public des especes** herbs after seven years of chronic nitrogen addition at Harvard Forest. the negative impacts of small mammals (rabbits and voles) on the understory **Climbing behavior of northern red-backed voles (*Myodes rutilus*)** Mammal Species of the World: A Taxonomic and Geographic Reference. 3rd ed. Sociobiology: The New Synthesis. Belknap Press of Harvard University Press, Cambridge, MA. Wilson, EO. 1993. Is humanity suicidal? New York Times Magazine, May 30:2429. Energetics and water relations of Namib Desert rodents. **Mammals of Wisconsin - Google Books Result** Present address of JSI: Wildlife Biology Program, School of Forestry, University of Effects of birch (*Betula pendula*) bark and food protein level on root voles (*Microtus oeconomus*): II. reference to the Adirondacks of New York and the Harvard Forest. Classification of mammals above the species level. **BioOne Online Journals - SELECTION OF MAST BY** mammals, yet little is known about how it originates from obligate provide a new perspective on early stages of scansoriality in small-bodied mammals. . a black spruce forest 30 km northwest of Fairbanks, Alaska .. Wiley & Sons, Inc., New York 2:777785. of Vertebrate Biology, University of Michigan 61:184. **Climate change and seasonal reproduction in mammals - NCBI - NIH Distribution of Selected Small Mammals in Alberta** Part of the Ecology and Evolutionary Biology Commons, and the Environmental Sciences Commons mammal assemblage of an oak forest in Cornwall, New York. Meadow vole (*Microtus pennsylvanicus*) abundance varied significantly by Relationships between these measured environmental variables and small **REFERENCES - Wiley Online Library** Stepping in the Same River Twice: Replication in Biological Research. .. Harvard University Forest, Massachusetts, United States of America. . Assessing the Relationship between Different Forms of Landowner Assistance and .. A comparative analysis of conservation awareness among New York and Massachusetts **Hatt, Robert T. 1902- (Robert Torrens) [WorldCat Identities]** The edge structure effect was due to herbivory by voles, which was . direct effects of edge structure on a key

herbivore, small mammals were trapped. at the Institute of Ecosystem Studies (IES) in Millbrook, Dutchess County, New York, and vegetation relationships on north and south forest boundaries in New Jersey. **Monogamy: Mating Strategies and Partnerships in Birds, Humans and - Google Books Result** The Biology of the Voles of New York. Robert T. Hatt 513. 2. The Relation of Mammals to the Harvard Forest. Robert T. Hatt 625. ILLUSTRATIONS. PLATES. **Linking forest edge structure to edge function: mediation of** Museum of Comparative Zoology (Harvard University), Museum of Vertebrate The status and distribution of many of Albertas small mammals is unknown. . new observations for this species were recorded (Wallis and Wershler 1997). .. The taiga vole occurs in small colonies within the boreal forest. **appendices to fidipro application - Tufts University** of *Peromyscus* is among the best studied of any small mammal. its biology in the laboratory than any other group dynamic relationships between deer mice and which includes voles (*Microtus*), hamsters (*Mesocricetus*), and New World tion in New York Citys parklands. (A) The forest-dwelling. **Mammalogy: Adaptation, Diversity, Ecology - Google Books Result** In: Goldberg, R. B., Plant Molecular Biology, A. R. Liss, Inc., New York. Bertin, R. I. The relation of mammals to the Harvard Forest. Bulletin of the New York .. The influence of stone walls on white-footed mice and red-back voles. Thesis **The Biology of the Voles of New York The Relation of Mammals to** classroom for research and education in forest biology and ecology. Through the years . The relationship between trees and human . Amy Balint. Effects of mast seeding on small mammal abundance and diversity in a State University of New York, College of Environmental Science and Forestry. **assessing the response of small mammal functional - TigerPrints** Species richness of forest-dwelling small mammals increased with area and was Effects of habitat fragmentation on meadow vole (*Microtus* Nested biotas and biological conservation: metrics, mechanisms, and meaning of nestedness. reference to the Adirondacks of New York and the Harvard forest. **Understory Plant Community Response to Nitrogen and Dolomite - Google Books Result** Serious damage to the plantations of the Harvard Forest necasioned by feeding mammals had been noted in the winters of. 1921 and subsequent Connecticut Millbrook and Bedford, New York and Englewood,. New Jersey. Because of Red squirrel injury to larch was plotted in relation to the number with terminal buds **The Natural History of Model Organisms: Peromyscus mice as a** Harvard University, United States Simplified phylogeny depicting the relationships among muroid rodent American Museum of Natural History, New York, NY, 19,234 (A) The forest-dwelling deer mouse, *P. maniculatus nubiterrae*, Much of our understanding of *Peromyscus* biology comes from **Symposium Booklet - Harvard Forest - Harvard University** The mammals of Iraq by Robert T Hatt( Book ) to the Adirondacks of New York and the Harvard forest by Robert T Hatt( Book ) Guide to the hall of biology of mammals in the American museum of natural history by Robert T Hatt( Book ) Sutton, George Miksch, Tropical fish Vertebrates Voles Water Water--Microbiology. **Linking forest edge structure to edge function: mediation of** Mating Strategies and Partnerships in Birds, Humans and Other Mammals Ulrich H. Ecology and economy of a tropical dry forest in Madagascar. New York: Oxford University Press. of predator - experimental data and their relevance to natural predator-vole relationships. Quarterly Review of Biology, 52, 39-69. **assessing the response of small mammal functional - Amazon S3** UD undergraduate studying nocturnal forest animals for Harvard internship published a new book with Cambridge University Press, Resilience In one project, Leitner studies small rodents like mice, shrews, voles and flying a cool microenvironment where smaller plants, mammals and insects thrive. **Harvard Forest - Harvard University** Tracy, C. R. (1980) Relation between home range size and regulation of population size in . Brink, F. H. Van Den (1967) A Field Guide to the Mammals of Britain and Europe. .. Harper, J. L. (1977) Population Biology of Plants. York and the Harvard Forest. John Wiley and Sons, New York, U.S.A. the common vole. **UD undergraduate studying nocturnal forest animals for Harvard** Volume 5, Issue 4. Table of Contents: 1.) The Biology of the Voles of New York 2.) The Relation of Mammals to the Harvard Forest. Roosevelt Wild Life Bulletin **Download full final report (PDF) - Northeastern States Research** mammal assemblage of an oak forest in Cornwall, New York. Specifically Meadow vole (*Microtus pennsylvanicus*) abundance varied significantly by Relationships between these measured environmental variables and small may be more appropriate biological indicators of ecosystem health following large-scale. **Peromyscus mice as a model for studying natural variation The** Seasonal reproduction is common among mammals at all latitudes, even in the As Pangea broke up and the new continents spread around the world, the . has been documented occasionally in several species of voles and lemmings, . In Costa Rica, cloud forest mice (*Peromyscus nudipes*) ovulate throughout the year Pack sizee and wolf pup survival: their relationship under varying ecological The red squirrel: Its life history and habits, with special reference to the Adirondacks of New York and Harvard Forest. Univ. The biology of the voles of New York. **LANDSCAPE-LEVEL CORRELATES OF SMALL-MAMMAL - BioOne** The biology of the voles of New York. Bull. New York State College of Forestry 3
