

Maths Made Easy: Age 3-5 Bk.2 (Carol Vordermans Maths Made Easy)

This preschool home-study workbook is designed to reinforce all aspects of childrens school work. The exercises have been written in line with the National Curriculum requirements for maths, incorporating the latest developments in the implementation of the National Numeracy Strategy. Gold stickers are provided as a reward for the child to put on each completed page. A fold-out, fill-in achievement chart make it easy for children to see their progress, and there is a certificate to award on completion of each book. A pull-out answer section with parents notes provides hints and tips and describes how the scheme links with the National Curriculum in the UK and the general curriculum order in the US and Australia.
