

## Sad Animal Facts

A delightfully quirky compendium of the Animal Kingdoms more unfortunate truths, with over 150 hand-drawn illustrations to make you laugh and cry. Have you ever wondered how expensive a jar of honey would be if a minimum wage for bees applied, or whether a dog cares what's on television when they sit next to you? Once you enter Brooke Barker's world, you'll never see animals in the same way again. This melancholy menagerie pairs the sweet and sad facts of animal life with their hilarious thoughts and reactions. Sneakily informative, and beautifully illustrated, this is the perfect book for animal lovers (and haters) everywhere.
