

## The Plant World, Vol. 20 (Classic Reprint)

Excerpt from The Plant World, Vol. 20 Turning to the internal growth of physiology, I wish to mention first some alterations in general physiological philosophy that have become especially evident during these twenty-five years, and afterwards to direct your attention to a few of what appear to me as important forward steps in the special science of plant physiology. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
