

Theism: Or, the Religion of Common Sense (Classic Reprint)

Excerpt from Theism: Or, the Religion of Common Sense
The intrinsic value of this little book will not depend on the notice that may be taken of it, or on the silent contempt that may be shown to it by the public Press. Although I am far from satisfied with it myself, and deeply bewail its shortcomings, I am nevertheless certain that, if any spoken or written words are of importance at all, what is written here is of vital importance to all truly religious souls, and through them to the world at large. This book is a statement, more or less true and accurate, of what may thoroughly be believed and gladly embraced (concerning the sublime themes of God, and man, and destiny), without the least violence to reason, conscience, and love, which are the common properties of human nature. About the Publisher
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
